

## Late Greeting

Dear Brother,

Well you come back home my brother. Do you know I am waiting for you?

During the Christmas time you were not at home.

Yes, I was not at home because I have to finish a mission of my long-term contract.

How disappointed that I am not able to say a warm greeting in front of you.

We had missed a chance to hug each other in Januar.

So now I came back to London, i am planing a trip come home in August.

I hope to see you that time. Hold our hands.

Your sister.
