

Rosario Vampire

You're a vampire
I'm human
„That can't work out”
Is what I said just a month ago
You know, that moment
When we met the first time?
You crashed into me with your cute, pink bike

“I can't help it. I'm a vampire”, is what you said
Right before you sucked blood from my neck
I was shocked at first
But damn, you where cute
So I just played along
With that game of yours

“This is a school for Monsters”, Is what the teacher said
A teacher with cat ears and a fury tail
“If we notice a human, it has to be killed”
Are you kidding? I have to get out of this place!
But wait, there is this girl that I met
A girl with pink hair and a vampire bite
A girl, that I can only meet here
She's a Vampire, but I want to be with her

And now, the two of us are kinda like together
Okay.. It's a harem, but still, I love her

I love the girl with the vampire bite
Which dances under the moon
With her rosary aside
With eyes
Red, like beautiful blood
And silver hair
Like a moonlight-flood
