

tears...

I have feelings I cant say
I just cant obey
I dont fit to the situation
I have lost all the motivation
Im unacceptable - without hesitation
I cannot change the past - cannot forget
but I do regret
all i have done - for noone
It hurts me to hear the name
my feelings are same
the same I have from the first day
but this is never okay -
it just cant be - its lame
its a shame
a shame on me in my this and after
how will I explain?
words might hurt
but never more than years
years of tears
tears of fears
tears of anger - but not of near
One day will come
it will be all over
over and over
till that day
tears...
