

## **Silver Shepherd - Jesus Engine (Lyrics)**

Sheesh

Sheesh

Sheesh

God is the man

he has the plan

Over again

Over again

The great I am

Took the pain

Over again

Over again

God is the man

he has the plan

Once again

Once again

The great I am

Took the pain

Once again

Once again

God is the engine

No need to mention

Christ is the main gear

The power unit

that drives the world

that drives the people's heart beat

We are all a gear

in his great plan

On the planet Earth

Israel is his nation

fight not against them

For your own good

You can't stop  
What he begun  
The engine is eternal

The love of god  
keeps it move  
Christ is the redeemer

You can't stop  
What he begun  
The engine is eternal

The love of god  
keeps it move

Jesus Engine

Jesus Engine

Switch

Jesus Engine

Jesus Engine

Jesus Engine

You can't stop  
What he begun  
The engine is eternal

The love of god  
keeps it move

What he begun

The engine is eternal

The love of god  
keeps it move

takes all your death fear

Sees all your secret tear

And Oh, did I mention?

It's a fat beat

Fat Beat

It's a switch
