

Longing for somewHERE

I'm dreaming, to be somewhere/
Somewhere else as here/
And I'm looking for/
Finding new places/
Making new experiences/
I can't wait for opening the door/

I close my eyes/
I take the risk/
Open up my mind/
I make a wish/
Open up my heart/
For a new beginning/

I'm longing for somewhere/
Some new places I can stay/
I'm longing for some her/
Some new feelings and I say/
I'm longing for somewhere/
I feel tired, looking for a new beginning/
I'm longing for some her/
I feel tired, waiting for an arrival/

I'm dreaming, to be somewhere/
With someone, but not still here/
And I'm looking for/
Finding a place to stay/
And I'm waiting for you/
To tell me I'm okay/

I close my eyes/
I take the risk/
Open up my mind/
I make a wish/
Open up my heart/
For a new beginning/

I'm longing for somewhere/
Some new places I can stay/
I'm longing for some her/

Some new feelings and I say/
I'm longing for somewhere/
I feel tired, looking for a new beginning/
I'm longing for some her/
I feel tired, waiting for an arrival/

Give me a reason to stay here/
Give me a reason to close the door/
But I just close my eyes/
And open up my mind/

I'm longing for somewhere/
Some new places I can stay/
I'm longing for some her/
Some new feelings and I say/
I'm longing for somewhere/
I feel tired, looking for a new beginning/
I'm longing for some her/
I feel tired, waiting for an arrival
