

Wake Me Up

I don't wanna see these things/
I don't wanna feel the pain/
I refuse to live in my head/
I'm running from myself/
From the failures of the past/
But I know, I can't escape/
I'm just hiding in the dark/

Wake me up when it's all over/
I'm tired of living in the dark/
Please let me know, when this is over/
I'm tired of seeing the pictures of the past/
Wake me up/

I'm trying to be strong/
Fighting my demons everyday/
I'm walking just alone/
I'm tired of living forsaken/
I have a broken soul/
I don't wanna let you know/
I refuse to let it show/

Wake me up when it's all over/
I'm tired of living in the dark/
Please let me know, when this is over/
I'm tired of seeing the pictures of the past/
Wake me up/

I don't wanna live in my head/
I don't wanna see the pictures/
I don't wanna feel the pain/
I refuse to hide forever/
I just want to escape/

Wake me up when it's all over/
I'm tired of living in the dark/
Please let me know, when this is over/
I'm tired of seeing the pictures of the past/

Wake me up
