

## Lions Heart

You can try to breake me/  
Push me down when I'm falling/  
But I'll be back stronger/  
'Cause you don't know/  
I was made for this/  
So I keep my head up/  
Look me in my eyes/  
I'll never give up/  
Fighting the pain inside/  
And I'm enjoying this/

'Cause I have a strong soul/  
And everytime it's broken/  
I'll healing and come back stronger/  
Walking through the hell/  
Gonna enjoy the pain/  
Growing up/  
I've a lions heart/  
(Walking through the hell)  
(Gonna enjoy the pain)

One more time I was surviving/  
But my heart is still beating/  
Burning in this fire/  
Give me the lighter/  
(Give me the lighter)

I'm walking just alone/  
But you can't brake my soul/  
'Cause you don't know, what I know/  
I can be unstoppable/  
I can be indestructible/

'Cause I have a strong soul/  
And everytime it's broken/  
I'll healing and come back stronger/  
Walking through the hell/  
Gonna enjoy the pain/  
Growing up/  
I've a lions heart/

(Walking through the hell)

(Gonna enjoy the pain)

You don't know what I know/

I can be unstoppable/

Walking through the hell/

And gonna enjoy the pain/

I can be indestructible/

Healing broken bones/

And never giving up/

'Cause I have a strong soul/

And everytime it's broken/

I'll healing and come back stronger/

Walking through the hell/

Gonna enjoy the pain/

Growing up/

I've a lions heart/

(Walking through the hell)

(Gonna enjoy the pain)

I've a lions heart
